 NET WEIGHT: 50 Lbs. (22.67 Kg)

"O" GRAZING SPECIAL

Description: A mineral package designed to supplement the nutritional needs of grazing dairy cattle on a free choice basis and meet organic production standards.

Features:

Provides calcium and phosphorus from highly available sources.

Provides high levels of supplemental magnesium to aid in prevention of grass tetany (Hypomagnesemia) in livestock pastured on lush grass.

Contains chelate & sulfate forms of trace minerals.

Contains Redmond Natural Trace Mineral Salt.

Provides selenium from selenium yeast.

Certified organic Thorvin kelp as a source of over 60 trace minerals and vitamins. Excellent for reproduction, immune system function and hoof health.

Feeding rate: 4 to 6 ounces per animal per day.

Recommended uses: As a basic free choice mineral, especially for grazing animals, in conjunction with BioAg's free choice supplement system.

Precautions: Not recommended for sheep due to copper content. Check with your local organic certifying agency for acceptance before using this or any feed supplement.
