## FEEDING INSTRUCTIONS:

Mix 50 pounds to each ton of grain OR feed 1 to 2 ounces per sheep daily depending on size. Also add 5 lbs. salt per ton of grain and free choice.

## "O" SHEEP MINERAL

Description: A complete mineral and vitamin package designed to meet the specific nutritional needs of sheep.

### Features:

Contains sulfate forms of trace minerals.

Provides daily vitamin needs including vitamins A, D3, E and B complex.

Contains certified organic Thorvin kelp as a source of over 60 trace minerals and vitamins. Excellent for reproduction, immune system function and wool production.

Contains OMRI listed yeast culture.

Contains less than 50 ppm copper.

All ingredients designed to meet organic production standards.

Recommended uses: All sheep rations. May be force fed or fed free choice.

Precautions: Salt must be added to ration separately. Not recommended for other species with higher copper requirements than sheep. Check with your local organic certifying agency for acceptance before using this or any feed supplement.
